SPECIAL REPORT

EPIDEMIOLOGY, CLINICAL PRACTICE AND HEALTH

- Respiratory sarcopenia: A position paper by four professional organizations
S Sato et al. 5

ORIGINAL ARTICLES

EPIDEMIOLOGY, CLINICAL PRACTICE AND HEALTH

- Sarcopenia and decline in appendicular skeletal muscle mass are associated with hypoperfusion in key hubs of central autonomic network on 3DSRT in older adults with progression of normal cognition to Alzheimer's disease
T Demura et al. 16

- Association of social participation (including inconsistent participation) with the progression of frailty among older adults: Community-based cohort study in Japan
T Yamada et al. 25

- Adherence, safety and potential effectiveness of a home-based Radio-Taiso exercise program in older adults with frailty: A pilot randomized controlled trial
Y Osuka et al. 32

- Effects of nicotinamide mononucleotide on older patients with diabetes and impaired physical performance: A prospective, placebo-controlled, double-blind study
H Akasaka et al. 38

- Chronologically clustered osteoporotic vertebral compression fractures: Analysis of a case series
K Lu et al. 44

- Clinical significance of geriatric conditions in acute hospitalization
H Umegaki et al. 50

SOCIAL RESEARCH, PLANNING AND PRACTICE

- Emergency calls concerning older patients: Are the appropriate questions asked?
N Jomard et al. 54

LETTERS TO THE EDITOR RESEARCH STUDIES

- Breakfast skipping and frailty: A cross-sectional study in community-dwellers aged 75 years or over
K Kinoshita et al. 60

- Nursing home elderly patients hospitalized for COVID-19: Characteristics and predictors of outcomes
G Verykokou et al. 62

- Clinical features and outcomes of acute heart failure in nonagenarians: Results of a nationwide study
M Anguita-Gómez et al. 64

COMMENTS

- COVID-19 vaccination and rheumatoid arthritis in older patients: Correspondence
R Mungmunpantipantip and V Wiwanitkit 66
