INVITED REVIEW

- Effectiveness of an interdisciplinary home care approach for older adults with chronic conditions: A systematic review and meta-analysis
T Kamei et al. 827
- How will the emergence of lecanemab change dementia treatment?
A Iwata 841
- Senotherapy preserves resilience in aging
T Mikawa et al. 845

REVIEW ARTICLE

- Mineral supplementation in patients with frailty and sarcopenia—a systematic review
M Ogawa et al. 850

ORIGINAL ARTICLE

EPIDEMIOLOGY, CLINICAL PRACTICE AND HEALTH

- Effectiveness of initiating advance care planning among older outpatients through intervention by physicians trained in a model discussion video: A randomized controlled trial
H Yoshihara-Kurihara et al. 859
- Family caregivers use a Hand-Under-Hand online course to improve the nutritional status of patients with severe dementia: A quasi-experimental study
Y-J Lin et al. 867
- Development and validation of a risk scoring tool for predicting incident reversible cognitive frailty among community-dwelling older adults: A prospective cohort study
Q Liu et al. 874
- Last year of life care transitions between long-term care insurance services in Japan: Analysis of long-term care insurance claims data
M Kashiwagi et al. 883
- Association between oral frailty and nutritional status among hemodialysis patients aged ≥50 years
M Iwasaki et al. 891
- Association between serum vitamin D levels and skeletal muscle indices in an older Japanese population: The SONIC study
Y Onishi et al. 898
- Implementation status of comprehensive geriatric assessment among older inpatients: A nationwide retrospective study
T Hosoi et al. 904
- Multimorbidity and risk of falls, fractures, and joint replacements over two decades: Findings from the Hertfordshire Cohort Study
LD Westbury et al. 912
- Relationship between the response to donepezil and plasma amyloid beta oligomers in patients with Alzheimer's disease
Y Yang et al. 918

- Frailty predicts adverse outcomes in older patients with pulmonary embolism
J Sinclair De Frias et al. 924

SOCIAL RESEARCH, PLANNING AND PRACTICE

- Association between social isolation and diversity in food intake by gender in community-dwelling older adults: A cross-sectional study
A Kawakami et al. 930
- Economic burden of frailty in older adults accessing community-based aged care services in Australia
B Toson et al. 939

BIOLOGY

- Validating respiratory sarcopenia diagnostic criteria by mortality based on a position paper by four professional organizations: Insights from the Otassha study
T Kera et al. 948
- Nrf2 cell signaling pathway is responsible for the antioxidant effect of resveratrol in aging
FN Franco et al. 954
- Relationship between imaging-derived parameters and circulating microRNAs to study the degree of lung involvement in hospitalized geriatric patients with COVID-19 pneumonia
S Cecchini et al. 962
- Effects of a high-phosphate diet on vascular calcification and abdominal aortic aneurysm in mice
A Komuro et al. 973

LETTER TO THE EDITOR

CASE REPORT

- Localized AL amyloidosis of the breast in a geriatric female
N Renton et al. 982
- Unexpected improvement of resistant hypertension in older adults: A red flag sign
A Schattner 983

RESEARCH STUDIES

- Development of a new screening model for predicting dementia using individual items of the Kihon Checklist in community-dwelling older adults
S Nakakita et al. 985
- Is urinary taurine associated with protein intake? Itabashi Longitudinal Study on Aging
K Motokawa et al. 987
- Characteristics to consider for home pharmaceutical care for older adults who initiate visiting pharmacist services in Japan
R Taguchi et al. 989
